Oxley College BYOD Programme

We are excited to announce some big changes to our BYOD programme that will assist the Oxley community moving forward. We have recently partnered with an experienced education reseller, CompNow, to create D % < 2 ' S X U F K D V L Q J S R U W D O V S H F L ¿ F D O O \ I R U encourage new and existing families to purchase their devices through this portal. We have selected a range of devices that meet and exceed the V S H F L ¿ F D W L R Q V U H T X L U H G D Q G D U H E X Q G O H G optional warranty and accidental damage, loss or theft protection.

In addition to the BYOD purchasing portal, an updated BYOD Overview can be found on the school website – www.oxley.nsw.edu.au/learning/e-learning as well as a short video that explains the programme. Some main points to highlight to families are the importance of a suitable and U H O L D E O H G H Y L F H : H K D Y H S U R Y L G H G D P L Q L F programme that families must adhere to.

We recommend that devices should be no more than four years old, even L I W K H \ P H H W W K H P L Q L P X P U H T X L U H P H Q W V : H with older devices struggle to use software or have enough charge to go W K U R X J K W K H G D \ 7 K L V F D Q K D Y H D V L J Q L ¿ F D learning in the classroom. Students should be coming to school with a fully charged device every day.

It is also the responsibility of students to ensure their device is updated with the most current operating systems. A hardcase and bag are also strongly encouraged for these devices and should be used when moving around the school. If you are considering a new device, we do recommend purchasing sooner rather than later to ensure stock availability for the start of 2023.

Student participation fosters school pride, friendship, a healthy lifestyle, and the valuable lessons of being in a team. Lessons include resilience development, collaboration skills, reliability, support and not letting your team mates down. Thank you to parents who made sure students met their team commitments (training and games). Thank you for the often-complicated taxi services. Thank you to the parents who helped with coaching or managing, supporting, umpiring or catering.

Almost every teacher secretly believes that their subject is the most important. It is hard to avoid that feeling when you spend your life studying a discipline, and your job involves encouraging others to feel as passionate about it as you do. It is like self-imposed Stockholm Syndrome.

Set in the Taisho period in Japan, Demon Slayer tells the tragic tale of charcoal seller Tanjiro Kamado who lives peacefully with his poor but happy family... until one day, disaster strikes. His entire family are killed by a bloodthirsty demon! All except his little sister Nezuko, who has been turned into a demon herself!

Demon Slayer is the best manga series. Better than One Piece, Attack on Titan and Avatar put together. The storyline is of epic proportions and the characters are awesome! And unlike many other anime, the

it a fun read for any teenager. This manga series is a bit bloody and violent, so it's best read when you are over 13. Aside from that, the characters

grant them the strength to kill Demons. Extremely powerful Demons, however, use Blood Demon Art, which creates violent challenges for our courageous slayers. This will not stop Tanjiro however, as he and his friends travel Japan to stop the slaughter of innocents, and possibly to save the world itself. Greatness awaits in this epic Manga series!

One summer holiday I had a job working in an abattoir! Being such disgusting place to work, the pay was better than average, but the conditions were not.
